

## **Productive Plastics, Inc. Launches Enhanced Website**

*Productive Plastics, Inc., a premier plastic thermoforming company, announces the re-launch of its website <http://www.productiveplastics.com> with new and updated information about its services, including the new Productive Ideas blog.*

Mt. Laurel, NJ ([PRWEB](#)) March 06, 2014 -- Productive Plastics, a leading heavy gauge plastic thermoforming contract manufacturer, announces the re-launch of its website at <http://www.productiveplastics.com>. This enhanced website features updated content, new graphics and images, improved usability, and the new Productive Ideas blog <http://www.productiveplastics.com/productive-ideas-blog/>. Content changes include updated information on materials, industries served and technical assistance, along with new photos.

"This new version of our company website makes it easier for thermoforming customers and prospects to find what they need and explore new applications," said, Hal Gilham, Productive Plastics CEO. "We look forward to having our users explore our new website."

### About Productive Plastics

Headquartered in Mt. Laurel NJ and established in 1955, Productive Plastics offers thermoformed plastics through processes such as pressure thermoforming and vacuum forming. Productive Plastics is a leading manufacturer of heavy gauged thermoformed parts for medical equipment, transportation, kiosk, industrial, and plastic enclosure markets. Productive Plastics is part of the Productive group of companies, which includes Sensigraphics, a custom manufacturer/supplier of membrane switches, graphic overlays, control panels, keypads, and touch screens and Productive Industrial Finishing, which provides industrial finishing solutions for spray and powder coating applications.
